

## **Modification Highlights – Executive Order VR-101-L**

- Legal Language, appropriate Exhibits and the Installation, Operation and Maintenance (IOM) Manual for the Phil-Tite Phase I Executive Order has been updated to add the FFS PV-Zero and its installation, operation and maintenance instructions.
- Exhibit 1 and the IOM have been updated to include the OPW 634LPC (product) and 1711LPC dust caps as well as the CompX CSP1-634LPC (product), CSP2-1711LPC (vapor), CSP3-634LPC (product) and CSP4-1711LPC (vapor) Tank Commander dust caps.
- The debris bucket for the product drop tube assembly is now listed as not required. It used to be listed as required.
- Header and footer updates to reflect new revision level of the Executive Order.
